CAREER STATEMENT

"I feel that my strongest strengths are firstly having a passion for technology and software engineering. Secondly an ability to understand and priorities my work in a changing business environment, thereby helping me to successfully deliver results. Finally, my practice of consulting with all parties involved in a project, then identifying the requirements and to then provide a appropriate solution."

PERSONAL SKILLS

Attention to detail

Tactful and articulate

Problem solving

Team Leader

Planning strategically

Able to identify critical issues

Excellent organizational skills
